**All Prices VAT inclusive and all tariffs in South African Rand

South African National Parks offers a variety of accommodation types and standards. Prices are dependent on location, size of unit and quality of experience. Each park has its own unique selection of accommodation types:

### **General Information:**

- SANParks have implemented a 1% Community Levy on all reservations (overnight and activity products) arriving on or after 1 June 2012. This will be used to fund projects that support surrounding communities in bettering their livelihoods. For more information please view our website on [www.sanparks.org](http://www.sanparks.org)
- All accommodation, ablution and kitchen facilities are serviced by cleaning staff on a daily basis unless specifically indicated otherwise.
- Most parks and rest-camps have retail facilities and restaurants. Tariff prices do not include meals unless specifically indicated otherwise.
- Vehicle fuel is available in all parks (or is available on the park periphery) and in the main rest camps in Kruger and Kgalagadi.
- Currently bedding is supplied in all accommodation unless specifically indicated otherwise.
- Cooking utensils and refrigeration are provided in most accommodation units. Exceptions will be indicated while booking
- Additional Person Supplements are applicable to those units where number of beds exceeds the base occupancy, if these beds are occupied
- Adult rates apply to persons 12 years and older.

### **Description of Regional Park Clusters:**

SAN Parks can be found in a variety of the country's regional habitat and topographic biomes. These include:

1. **Kruger National Park:** Characterised by combinations of savannah, thornveld and woodland eco-zones. Large African mammals are present. Kruger has 12 main rest camps, 5 bushveld camps, 2 bush lodges, 5 satellite camps and 2 sleepover hides.
2. **Arid Cluster:** Characterised by arid climate, sparse vegetation and sandy soils, these parks fall in the Northern Cape Province. Large African Mammals are present in these parks. Augrabies Falls, Kgalagadi Transfrontier, Mokala, Namaqua and Richtersveld National Parks fall into this cluster.
3. **Cape Cluster:** Falling within the South Western reaches of the Western Cape Province; these parks are home to the endemic Cape Floral Kingdom. They may also feature mountainous, coastal, riverine or estuarine habitats. Bontebok, Table Mountain and West Coast National Parks fall into this cluster.
4. **Frontier Cluster:** Located in the frontier regions of the Eastern Cape made popular by the travails of the 1820 Settler's. Large African mammals are found in these parks that include a variety of habitats across the parks, ranging from Nama-Karoo, grassland, montane, forest, valley thicket, fynbos and coastline. Addo Elephant, Karoo and Mountain Zebra National Parks fall in this cluster.
5. **Garden Route Cluster:** Located in the picturesque Garden Route on South Africa's southern coast, these parks feature a range of habitats including rocky shorelines, temperate forests, lakes, rivers, estuaries and fynbos. Tsitsikamma and Wilderness fall into this cluster.
6. **Northern (Grassland and Savannah) Cluster:** Featuring savannah thornveld or grasslands, these parks are located in the northern provinces of South Africa. Mountains are a feature of some. Golden Gate, Marakele and Mapungubwe fall into this cluster.
